

Adobe® Dreamweaver® CS3: Level 3

Course number: 084206 Course length: 1.0 day
Certification: Adobe Certified Expert (ACE) Program®

Course Description

You know to create professional looking web pages. Now, you may need to vary the content on the pages dynamically. In this course, you will use Adobe® Dreamweaver® CS3 to create and administer database-driven sites.

Course Objective: You will create and manage database-driven websites.

Target Student: Website developers, website designers, marketing managers, web graphic artists, website administrators.

Prerequisites: Before taking this course, the student should complete the following courses, or have equivalent knowledge:

- Adobe® Dreamweaver® CS3: Level 1
- Adobe® Dreamweaver® CS3: Level 2
- HTML 4.01 Web Authoring
- Microsoft® Office Access: Level 1

Delivery Method: Instructor led, group-paced, classroom-delivery learning model with structured hands-on activities.

Performance-Based Objectives

Upon successful completion of this course, students will be able to:

- establish database connectivity.
- work with record sets.
- create interactive page elements.
- administer database records.
- create a user authentication system.
- administer websites.
