

# Microsoft® Office PowerPoint® 2007: Level 2 (Second Edition) One Day

## Course Description

As a PowerPoint 2007 user, you are familiar with the basics of creating a presentation and you are able to convey information effectively in a simple way. Static content in presentation, however, will not keep your audience interested. In this course, you will enhance presentations with feature that will transform basic presentations into a powerful means of communication.

**Course Objective:** You will enhance your presentation with features that will transform it into a powerful means of communication. You will customize the PowerPoint interface to suit your requirements and use the new and enhanced features to create dynamic and visually appealing presentations. You will then finalize a presentation and secure it to authenticate its validity.

**Target Student:** This course is designed for students who want to gain the skills necessary to work with design templates, various types of diagrams, special effects, custom slide shows, collaboration functionality, and advanced presentation delivery. This course also assists in the preparation for the Microsoft Office Specialist exam in Microsoft® Office PowerPoint® 2007. It is for students who already have knowledge of the basics of Microsoft® PowerPoint® 2007, including slide formatting and working with tables, charts, images, objects, and presentation preparation.

**Prerequisites:** To ensure your success, we recommend you first take the following Element K courses or have equivalent knowledge:

- Windows XP or 2000: Introduction
- Microsoft® Office PowerPoint® 2007: Level 1

**Delivery Method:** Instructor led, group-paced, classroom-delivery learning model with structured hands-on activities.

## Certification

This course is one of a series of Element K courseware titles that addresses Microsoft Office Specialist (Office Specialist) skill sets. The Office Specialist program is for individuals who use Microsoft's business desktop software and who seek recognition for their expertise with specific Microsoft products. Certification candidates must pass one or more proficiency exams in order to earn Office Specialist certification.

## Performance-Based Objectives

Upon successful completion of this course, students will be able to:
